SEMINARS

Tuesday marked the end of the AggieTEACH seminars for this semester! Be on the lookout for seminar dates for next semester coming soon.

AGGIE TEACH SPOTLIGHT

Congratulations to Jennifer Rieger who was recently recognized by the Undergraduate Scholarship Committee. The committee recognizes outstanding academic performance in certain 400-level math courses each semester with a cash award based off nominations by the instructor. Jennifer was recognized for her performance in her MATH 467 course. Way to go, Jennifer!

COMMITTEE ANNOUNCEMENTS

EXTERNAL RELATIONS

Howdy External Relations Committee,

Thank you to all of you who have visited classrooms over the last couple of weeks to inform freshman and sophomores about AggieTEACH. Jeremy and I will arrange more times and dates to visit classes. For now, please make sure to look out for our fun upcoming socials and profitshares.

-Alice

Have a great weekend everyone and good luck on exams. Also, remember that Thanksgiving is less than two weeks away!!
This will be offered face-to-face on Wednesday nights from 5:45-8:45pm. You will also choose the 4 hour time block to observe in schools. So when you register, you will see there are options for M 8am-12:00pm, M 12:00-4, T 8am-12, T 12-4, etc. These times during the day are the times that you will go observe in schools.

TEFB 324
WINTERMESTER

THIS IS STRONGLY ENCOURAGED! The wintermester will be in the BCS area this year. So beginning sometime in mid-December (right after finals) you will start the online portion of this course. Yes, you can go home for the first part of winter break and do the coursework online. Sometime during the second half of the break (I'm not sure of the dates yet) you will have to come back to College Station and do 1 full week of observations where you go to the schools for a full day, every day. You will go into a BISD high school M, T, W, R, and F from 7:45am-4pm. To register for this course, choose TEFB 324 Section 590. We get a lot of positive feedback from our students on this class...they really enjoy the field placement in this format.

TEFB 324
SPRING 2016

This course will be offered face-to-face. Right now in Howdy it shows there is an evening class on M 5:45-8:45 and W 5:45-8:45. You will only be required to go to one of the classes (either M or W but not both). We aren't really sure what is going to happen with this or why CEHD chose to do this. If you have time conflicts with other courses because of this (i.e. you have a lab on W nights, but you could attend the M class) and Howdy won't let you register because of the time conflict, please let Jenn know (jwhitfld@tamu.edu) and she can do a time override in which case you would be able to register for both classes.
